3.9. Placement Rates

Note: The following table shows the number and placement of hospitals which accepted Poznan University of Medical Sciences graduates in the years 2012-2016.

The table below contains data on the places of residency in the U.S.A. and Canada that the University has available. This data pertains to those students who graduated between the years 2012 – 2016, and it is posted on the University website www.pums.ump.edu.pl. This information is not entirely complete because the alumni are not obligated to keep the University informed of the location of their residency. About 50% of the PUMS alumni have remained in Europe and have chosen Great Britain, Ireland, Taiwan, Germany, Sweden, Norway, Malta and Poland for their residencies.
